The CEO remarks on the report

STRONG GROWTH - PAYDAY

The fourth quarter concluded an eventful 2020 for Starbreeze. Our PAYDAY franchise and “games as a service model” really showed their muscles during the year with several successful releases of content for PAYDAY 2. By late December, PAYDAY 2 had become the biggest game community on Steam, with 7.1 million members. We have executed two capital raises during the year and paid off a large proportion of our debts, strengthened our financial position and thus enabling the continued successful development of PAYDAY 3 in 2021 – all key steps in putting Starbreeze back on the map as an industry leader.

I have implemented changes during the quarter to strengthen our organization within marketing and business development and continued to recruit the best developers to our studios and in so doing create the best possible conditions for the company’s journey ahead.

Another season of PAYDAY 2 wrapped in the fourth quarter with the launch of Silk Road: Crimson Shore. Work on the next season is moving swiftly and we are looking forward to launching the first part this quarter. Our ambition is to achieve steady growth for PAYDAY 2, not only in terms of games sold but also in daily activity among our gamers. I am incredibly proud to report that we now own the biggest community on Steam – an achievement that demonstrates the strength of the game and our community team and is a fantastic position from which to continue growing.

Sales and underlying earnings showed a positive trend during the year arising from sustained strong demand for PAYDAY 2 and ongoing efficiency improvements.

Through the proven strength of the PAYDAY franchise and a highly dedicated development team we now have a stable platform that supports the continued successful development of PAYDAY 3. We are standing strong and confident in our efforts to close a publishing agreement with a partner that is as passionate about games as a service as Starbreeze is and ready to join us in the successful launch of PAYDAY 3.

We also completed payments to our supplier creditors during the quarter, which was a key milestone in the reconstruction plan and important to us as a company in the effort to strengthen our financial position.

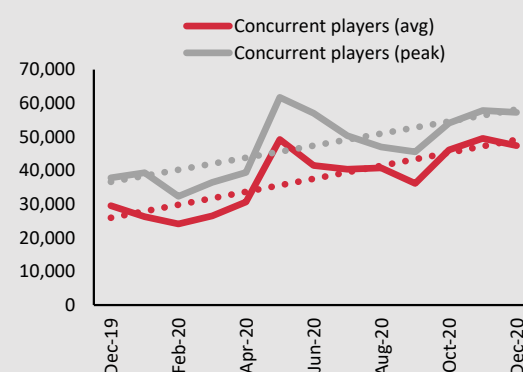

Starbreeze is a much stronger company today than it was one year ago. We are hugely confident, thirsting for revenge and thrilled to be able to focus to the max on developing our IP with PAYDAY front and center. With expanded development capacity and continued good demand for everything PAYDAY, we are in prime position for future growth. I am truly looking forward to continuing the work with Starbreeze and the opportunities that lie before us.

2020

SIGNIFICANT EVENTS DURING THE QUARTER

A summary of significant events during the quarter follows. Please visit Starbreeze.com for detailed information about events during the quarter.

Tobias Sjögren appointed Acting CEO

Starbreeze CEO Mikael Nermark resigned for personal reasons effective 26 October. The board of directors has therefore appointed Tobias Sjögren Acting CEO and an executive search process has been initiated.

Steam winter sale

Steam held its annual winter sale from 22 December to 5 January, an event that has huge impact on game sales on the platform. The effect on PAYDAY 2 was also positive in during the period.

Final payment to creditors

In accordance with the reconstruction plan and the public composition with creditors affirmed by the Stockholm District Court on 6 December 2019, Starbreeze completed its payments to segments of its creditors. With these payments, Starbreeze has settled all debts to large and small supplier creditors in accordance with the reconstruction plan.

The fourth chapter of PAYDAY 2: Silk Road

The fourth chapter of PAYDAY 2 Silk Road was released in November, including a free core game update for all owners of the game and three new DLCs.

Impact of Covid-19

Starbreeze is continuously monitoring the impact of the ongoing Covid-19 pandemic on the business. Ongoing revenue-generating operations have shown no disruptions because the majority of revenues are generated by a digital distribution model in which product availability and interaction among players is uninterrupted regardless of general public measures related to reducing physical social contacts. All employees are still working from home. The company's assessment that the short-term effect on ongoing projects will be minor still stands, but the long-term effects on future business and the efficiency of the project organizations could result in delayed deliveries. The effect on the company's revenues has been positive.

SIGNIFICANT EVENTS AFTER THE END OF THE PERIOD

No significant events occurred after the end of the period.

REVENUE AND PROFIT

The comparison period for sales and profit and loss is the corresponding period in the preceding year.

Segment reporting

Game development, with PAYDAY front and center, is Starbreeze's core business. As of the 2020 financial year, the company has only one segment, which accounts for the absolute majority of all sales and profits. Consequently, no historical figures are reported according to the previous division into operating segments. Any revenues and costs unrelated to the core business are classified as other income and expenses.

Leases

IFRS Leases has been applied since 1 January 2019. The deposit paid for the premises in Stockholm have been reported as a non-current financial asset on the balance sheet.

Starbreeze has applied the incremental borrowing rate per country as the discount rate for discounting future lease payments. The incremental borrowing rate is based on the lessee's financial strength, country and the term of the relevant lease.

The interim report for the parent company has been prepared in accordance with the Swedish Annual Accounts Act (SFS 1995:1554) and the Swedish Financial Reporting Board's recommendation RFR 2 Accounting for Legal Entities.

The interim report for the parent company has been prepared using the same accounting policies and calculation methods applied in the 2019 annual report (Note 1, pages 56-64) except that the parent company applies the exception permitted under RFR2 and reports all lease obligations as operating leases.

Share capital

Share capital at the end of the period amounted to SEK 14,492,185.37 (6,587,357) distributed among 724,609,266 shares (329,367,849), of which 169,321,548 Class A shares (53,001,992) and 555,287,718 Class B shares (276,465,857).

Risks and uncertainties

The preparation of interim reports and annual reports in accordance with generally accepted accounting practices requires management to make

estimates, judgments and assumptions that affect the value of assets, liabilities and revenue reported in the financial statements. Actual outcomes may differ from these estimates and judgments.

The short-term effect on profit and loss from fluctuations in exchange rates can be positive or negative, depending on the current currency

exposure from trade receivables, bank balances and other assets and liabilities in foreign currency. However, a falling dollar rate in the longer term

always has a negative impact on profit margins. As the Starbreeze Group includes foreign subsidiaries, there is also translation exposure.

The largest risks and uncertainties are low revenues in connection with game releases and project delays. These and other risks such as copyright

infringements, loss of key people and exchange rate fluctuations are described in Starbreeze's Annual Report 2019 in the Report of the Board of Directors on page 47, and in Note 3. Furthermore, the value of certain assets and liabilities is based on expected outcomes. Consequently, these items must be regularly remeasured and thus may affect future profit and loss.

Starbreeze exited reconstruction in December 2019 and in January 2020 the outstanding convertible bond was extended to December 2024. Without additional financing, liquidity injections from divestitures or distribution agreements for PAYDAY 3, the company could experience a liquidity shortfall in the fourth quarter of 2021. This entails risk that the company will not have sufficient secured funds to guarantee continued operations for the next 12 months.

In the opinion of the board of directors, Starbreeze will be able to close a publishing agreement for the company's projects.

Parent company

The group's business was conducted during the year in the parent company Starbreeze AB (publ) and the following subsidiaries: Starbreeze Production AB, Starbreeze Studio AB, Starbreeze Publishing AB, Starbreeze VR AB, Starbreeze USA Inc, Starbreeze LA Inc, Starbreeze IP LUX, Starbreeze IP LUX II Sarl, Starbreeze Barcelona SL, Starbreeze Paris SAS, New Starbreeze Studios AB, New Starbreeze Publishing AB and Enter-space AB. The Belgian subsidiary Parallaxter was divested during the period.

The parent company's net sales during the quarter amounted to SEK 7.3 million (12.6). Sales refer primarily to allocation of management fees.

The loss before and after tax was SEK -9.7 million (9.0)

Cash and cash equivalents at the end of the quarter amounted to SEK 10.9 million (12.0) and parent company equity was SEK 784.6 million (581.1).

Non-current liabilities decreased during the period to SEK 270.1 million (306.1).

NOTES

Note 1: Accounting and measurement policies

This interim report has been prepared in accordance IAS 34, Interim Financial Reporting. The accounting policies and calculation methods are the same as those applied in 2019.

The report for the parent company has been prepared in accordance with the Swedish Annual Accounts Act and the Swedish Financial Reporting Board's recommendation RFR 2 Accounting for Legal Entities.

No new or revised IFRSs have entered into force that are expected to have any material impact on the Group. The carrying amount of all financial assets and liabilities is a good approximation of fair value.

The sale of the publishing rights to System Shock 3 and Psychonauts 2 was arranged so that Starbreeze will recover its investment over time. In accordance with IFRS reporting rules, the Group has initially recognized a loss on the deal, as IFRS 15 does not permit recognition of future royalties in revenue even if these are directly connected to the sale of the publishing rights; instead, the carrying amount of the sold asset must be immediately expensed. In future periods, only revenues related to these transactions will be recognized, as all costs have thus been absorbed.

Note 2: Pledged assets

Consolidated pledged assets and contingent liabilities

Consolidated pledged assets refer to rent guarantees and pledged shares in subsidiaries and bank accounts related to loans from Nordea.
